B: "She told me to take only a ..... every 4 hours."
15. Daily exercise can protect you ..... heart diseases.

(1)

**16. Choose the right answer:**

Microbes are really wonderful. They are everywhere! They live all around you, on you and inside you! Microbes are very small, so you can't see them. But don't worry. Some microbes make you sick, but most others keep you healthy and even help you fight disease.

- a) Most microbes make us sick.
- b) We can see microbes easily.
- c) Fighting disease is something that microbes help us with.
- d) There are only some places that microbes can live.

**17. Which answer is NOT correct:**

Humans destroy the natural homes of the animals in the forests, lakes and plains. When the number of people on earth increases, they need more places for living. They cut trees and destroy lakes. They make homes and roads instead. Then the animals won't have a place to live. They will die out.

- a) Animals' places for living will decrease if the number of people increases.
- b) People are destroying nature to make homes and roads.
- c) People are hurting animals by cutting trees and destroying lakes.
- d) Forests, lakes and plains are not the natural homes of animals.

(3)
